Update GD19 Vittoria™ Direct Vent Gas Fireplace

The traditional design of Napoleon's existing GD19 gas fireplace gets a dramatic and modern transformation with the option of a new river rock burner assembly and decorative brushed nickel plated accent design.

The option of contemporary facing kits available in painted black or brushed stainless steel and the gleaming porcelain reflective radiant panels that echo flames throughout the firebox provide a unique fire element experience.

The GD19 boasts the smallest corner installation in the industry which makes it the perfect fireplace choice for kitchens, bedrooms, bathrooms, bed sitting rooms and smaller living spaces.

Napoleon® Exclusive Features

- Choice of a modern river rock burner configuration with brushed nickel plated accents or a traditional log configuration
- Built-in NIGHT LIGHT™ with on/off switch, radiates a warm glow to the room even when the fireplace is off
- Innovative design allows tightest corner installation available
- Flat or corner cabinets designed specifically for the GD19 are available in a variety of finishes and colours (suitable only with traditional facing kits)

Napoleon® Features/Options/Accessories

- Fuel saving electronic ignition with battery back-up
- Hidden on/off switch is conveniently located on the bottom front panel
- Heat radiating ceramic glass
- Optional contemporary facing kits available in painted black or brushed stainless steel
- Optional traditional facing kits available in painted metallic black or hammertone pewter
- Optional Victorian ornamental insets available in painted metallic black or brushed stainless steel
- Optional Porcelain Reflective Radiant Panels
- Optional sandstone decorative brick/stone panels (for log configuration only)
- Optional on/off hand-held remote
